

TravaCor improves mood and feelings of happiness while reducing hostility/anger^{1*}

“I realized my mood had actually changed drastically... I woke with a more positive outlook. I can't believe how different I feel”
Katrina, 35

TravaCor data gathering

Qualified participants were given one serving of TravaCor twice daily for two weeks.
37 participants completed the open label study.

1. Data on File. TravaCor study, 2021. NeuroScience, Osceola, WI 54020.

TravaCor delivers results

78% of participants would recommend TravaCor to a friend

z z Z

In addition to mood, TravaCor also showed a 46% improvement in sleep

“ I have found myself approaching difficult situations with a calmness and positive demeanor rather than allowing my emotions to negatively escalate an already tense situation. ”

Renee, 53
